

1. Key Components of the CBS

- I. **Base Transactional Platform**
 - General Ledger (GL)
 - Deposit Management (Savings, Current, Fixed Deposits, etc.)
 - Loans and Advances
- II. **Trade Finance**
 - Letters of Credit (LC)
 - Bank Guarantees
 - Bills (Export/Import)
- III. **Treasury Module**
 - Forex
 - Money Market
 - Investment Portfolios
- IV. **Other Features**
 - User Management and Security
 - Reporting and Analytics
 - APIs for integration with third-party systems
 - Regulatory Compliance

2. Manpower Estimation

Role	Number of Personnel	Experience Level
Project Manager	1	10+ years
Techno / Business Analysts	3	5–10 years
Solution Architect	1	8+ years
UI/UX Designers	2	3–5 years
Backend Developers	5	5–7 years
Frontend Developers	5	3–5 years
Database Administrator	1	5–8 years
Quality Assurance Engineers	2	3–5 years
DevOps Engineers	1	5–8 years
Cybersecurity Specialist	1	7+ years
Document Writer	1	3-5 years

Time Estimation

Phase	Duration (Months)	Key Activities
Requirements Analysis	3	Business needs, functional specs, compliance
Architecture Design	2	Database design, module interactions
Development	12	Core modules, APIs, UI/UX
Testing (QA & UAT)	3	Functional, performance, security testing
Deployment	1	Go-live preparation
Maintenance & Support	12 (post-launch)	Bug fixes, upgrades

Total Time: 18 Months
